

Lull Telehandler Parts

Lull Telehandler Part - Lull telehandlers have been supplying precision load placement ever since 1959. Whether the job involves transferring loads, positioning heavy steel or landing loads on scaffoldings, utilizing a Lull telehandler would really help make the work go faster and easier. These units are available along with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system supplies 80 inches of boom travel for precision placement capabilities. A wide range of optional attachments is available for Lull telehandlers to help finish whichever work.
