

Concrete Hoppers

Concrete Hopper - The self-dumping hopper accessory can automatically trigger to both unload and release as soon as the bumper release touches the side of a dumpster. Once unloading is finished, the hopper can go back to original locked and upright position. This particular piece of equipment is likewise available together with a cable that enables operation from the seat of the forklift so as to have the alternative of manually unloading the hopper. There is a locking chain provided so as to lock the hopper to the tire truck. This product is made with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper even has a blue powder coat finish so as to maintain durability.
